

ADD A DISTILLERY TO YOUR EXISTING MICROBREWERY

HAVE YOU EVER WONDERED WHAT IT WOULD TAKE TO START MAKING SPIRITS AT YOUR BREWERY?

You already have most of the equipment needed to make whiskey, rum, gin, and vodka! We have beautiful copper pot stills designed to match your brewhouse and fermenters perfectly! Add a still and a few other pieces of equipment and that's all you need.

Don't let the challenges of starting a brewery and distillery stop you. We are a turnkey provider which means we can manage every aspect from design and space planning to installation and training. We can be your central point of contact for critical decision making, giving you the time to focus on starting your business.

CRAWFORD BREWING AND DISTILLING EQUIPMENT

100% MADE IN THE USA!

When shopping always ask, "Where are your tanks and equipment fabricated?" Don't be fooled by an American sounding name or US address. The equipment might actually be made in China! These tanks and stills just can't compare to true American quality fabrication and equipment.

Contact us for a shop tour. You're always welcome!
